The Northern Pacific Railroad
Report—Business
Prospects.

Special to the Gazette:

Mesilla, N. M., September 29.—A mass meeting which packed the court house at Mesilla almost to suffocation assembled last night to hear Hon. Tranquillino Luna, the Republican candidate for Congress. Judge Pablo Melendres was chosen President, Don Mariano Barale and Martin Amador Vice-Presidents, Ira Bond, Esq., and Don Jacinto Armijo, secretaries.

Mr. Luna spoke of the principles of the two parties showing especially that the Democrats had always been opposed to education and progress and the common schools and that they had done everything towards the cutting down of the army and the necessary appropriations for its support, and that it had cut down the mail facilities which the Territory is entitled to. He denied emphatically being any ring candidate but said he was solely the candidate of the whole people of the Territory and if elected he would do everything in his power towards the advancement of all the Territorial interests and especially of the protection of the lives and property of the whole people of New Mexico. He announced himself the friend of the miner and laboring man. He was frequently interrupted by rounds of applause.

Luna has made hosts of friends in this county and will carry Dona Ana county by a large majority.

Col. J. Francisco Chavez was called for and made one of his rousing, rattling speeches, and scared the opposition as he only can do. He exposed the black record of some pretended Republican scribbles.

New York, September 30.—The annual report of the Northern Pacific Railroad shows the total number of miles operated during the past year to have been 722, against 647 miles during the previous year. The gross earnings were \$2,230,181.81 against \$1,406,210.65; expenditures, \$1,521,093.25, leaving a balance of \$709,918.60. There was spent during the year for improvements, developments and equipments, \$514,962.99, and interest, \$159,537.23, making a total in addition to the operating expenses, rentals, taxes, etc., of \$674,500.25. The report stated that the company intended to build a new bridge across the Missouri river at Bismarck. They have also concluded a favorable contract with the Western Union and Northwestern Telegraph Companies to put up a line of wire along the road. The company will pay one-third of the costs and receive one-third of the gross receipts, also to have their own telegraph business transmitted free up to a certain amount, the remainder to be operated at half rate. The contract is to remain in force for a period of fifteen years. The report also states that the Lake Superior Elevator Company have established eleven new grain elevators along the road including one at Duluth with a capacity of 100,000 bushels. Immigration agencies have been established at Liverpool, New York, Philadelphia, Boston and Chicago. According to the treasurer's report the stock of the company had been reduced on June 30th last by the proceeds of the sale of land to \$43,421,645.12, of which there have been since sold about 520,000 acres. The treasurer reports that almost the entire floating debt will be retired this year. There are still to be completed several divisions of the road, including one of one hundred and twenty miles from Thompson's Inlet in Wisconsin to Montreal river.

When these are finished it is stated the company will have in operation 1203 miles of road and have a title to 17,500,000 acres of land.

Omaha, Neb., Sept. 30.—A special Wabash train arrived here this morning with the General Superintendent and other officials. They came here from Keokuk, Iowa, where they met the Republicans of Missouri, Iowa and Nebraska, and will arrange for an extension of the road to a connection with the Omaha extension of the Wabash to be made near Shenandoah Iowa, within a few months. This will give Wabash an air line between Omaha and Chicago. The principal object of the visit to Omaha is to arrange for running across the Union Pacific bridge into Omaha and to select the grounds for a depot building. When the Wabash enters Omaha City proper, it will force the Chicago, Burlington & Quincy, Chicago, Rock Island and Pacific and Chicago & Northwestern to follow suit and cross the Missouri river. The movement will revolutionize the railroad situation here.

Chicago, Ill., Sept. 30.—J. H. Haverly who has just returned from Colorado says with reference to the story telegraphed hence that the Chicago Jockey Club is insolvent and will be abandoned that the only lien on the club is one of \$29,000 held by Dawson & Bemis, the former proprietors of the track. These gentlemen have not called for the amount due them but when they do it will be paid. The trotting races were uniformly successful and profitable but the club was behind at the running meetings. The books will nearly balance this year. Such is all the managers expected to do while the reputation of the track was being established. It is the intention to maintain the present organization and to have a lively season next year. Mr. Haverly says the story was started in malice and is false from beginning to end.

New York, Sept. 30.—Over 21,000 barrels of apples were shipped from this city to European ports last week and from all parts of the country outside of New York 20,000 barrels more were sent this week. The shipments from New York will amount to about 30,000 and other parts will show increased shipments. Apples which sell in this market for \$1.00 to \$1.25 per barrel fetch from \$1.50 to \$2.00 in the British markets. Liverpool and Glasgow are the principal markets though Bremen and Hamburg are taking some shipments. Although the prices are low in the foreign market this year is unusually active owing to the failure of crops all over England and the continent. The yield in the country is enormous, perhaps the largest ever known.

Omaha, Neb., Sept. 30.—The Democratic State convention at Hastings this morning nominated the following state ticket: Presidential electors, J. E. Boyd, B. E. Hinman, Victor Quickman. Congress, Dr. B. R. Livingston of Cassia, Governor, ex-Senator, Thomas Tipton of Nema county; Lieutenant Governor, G. U. Johnson, of Fillmore county; Auditor, D. C. Patterson, Treasurer, F. Foldo, of Colfax county; Attorney General, G. E. Pritchell, of Douglas county; Land commissioner, D. Andres, of Buffalo; Superintendent of Public Instruction, Dr. A. Bear, of Madison county.

New York, September 30.—A Winnipeg special says: C. F. Rockwell, a gentleman from New York has just returned from a pleasure trip to Moose Factory, on Hudson Bay. His route was by way of Michipicoten river, a distance of 450 miles. The journey was performed by a canoe and voyagers who had been engaged to attend the party and furnish the necessary supplies. It took sixteen days to reach Moose Factory from Winnipeg. He pronounced it a very cold region and says floating Arctic ice was to be seen in the vicinity all summer.

New York, Sept. 30.—The Commercial Bulletin says: The fall trade this season has been and still is an unusually active one. It is said by some of the older merchants that they do not remember a time within the past 15 years when orders were so pressing and numerous. The agents of different ship lines to Charleston, Savannah, New Orleans, Galveston and other points along the coast both north and south all unite in saying the season is one of the best they have ever experienced, and as compared with last year is better from 40 to 50 per cent.

Chicago, Sept. 30.—The London News says a profound sensation has been created in Russia by a second announcement of an Odessa paper that one of the local importing firms of merchants has purchased in addition to previous purchases 100,000 bushels of American wheat through a western American firm. The rate of purchase is one rouble and forty-five copecks, or three shillings and three pence per bushel. This is like carrying Coats to New Castle since Odessa is the grain part of Russia; but poverty is a great leveler even of the imperial great white father of all the Russians.

New York, Sept. 30.—Judge Choate of the United States Circuit Court today handed down a voluminous written opinion in the suit of the Emma Silver Mining Co., against the Emma Mining Co., of New York, and T. W. Park and H. H. Baxter overruling the plea in bar entered by the defendants. The court says that in the plea in bar, they all raise the same question, namely, whether a judgement in suit at law in this court in favor of Parks & Baxter is a conclusive determination of the cause.

Jersey City, N. Y., September 30.—At the inquest to-day of the Hudson River Tunnel disaster, President Haskins testified: We felt justified in using air and relying on it for supporting the roof. From our experience in front of the tunnel there was always a margin of five pounds of air, that is to say if there were two and a half pounds too little the roof would not cave. There were often escapes up along the line of the shaft, and I have known men to be at work half an hour at a time without stopping once.

San Francisco Sept. 30.—A dispatch from Roseburg, Oregon, says that the President and party arrived there at 4:20 yesterday afternoon. They were met by a reception company from Portland and Salem, and the reception was held last evening at Roseburg. The address of welcome was made by Gen. Joseph Lane, and responded to by the President. A very large crowd was present and much enthusiasm prevailed. The entire party left this a. m. and will proceed direct to Portland.

London, Sept. 30.—Hanson took a walking exercise this forenoon during which he met and greeted Tricket. At eleven he launched his boat built at New Castle and pulled from Putney to Hammersmith and back alone, and then repeated his journey with Harry Thomas. He was in all, about one hour and twenty minutes. He is well pleased with his New Castle boat but will probably row his race in that built at Toronto. There was a heavy mist on the river but Hanson pulled leisurely.

Rome, Sept. 30.—Gen. Garibaldi will leave Copera for Genoa next Saturday. Rumors are rife in regard to his intentions and also of a revolutionary movement. I believe the Government has adopted vigorous precaution with reference to them. The Iron clad Italian 14,000 tons, covered throughout with an armor of three feet thick has been successfully launched in the presence of King Humbert and an immense crowd of people. The Italian is the most powerful iron clad ever constructed.

Chicago, Sept. 30.—The clearings of the Associated Banks of Chicago, for the month of September were one hundred and forty-two millions or twenty-eight millions greater than for September '79. The clearings for nine months ending September were \$1,195,000,000, an increase compared with the same period last year of \$343,000,000; business is lively in every branch and department and the prospects for commercial activity during the presidential campaign are more favorable than usual.

Philadelphia, Pa., Sept. 30.—The Reformed Presbyterian of Philadelphia was admitted to representation in the Council, it having in its petition declared its willingness to accept the Constitution of the Alliance. The report of the committee on foreign missionary work suggests the establishment of a great training school at Peking, China. Two million pagans have been rescued from darkness during the past seven years by Protestant missionaries.

New York, September 30.—A card from Nasby at Hong Kong denies the story in the Herald about one of his children being in the care of a humane society here.

Constantinople, September 30.—As soon as the Sultan learned that Seymour had gone to Cethuje to concert a combined action with the Montenegrins Risa Pasha was instructed to warn the Montenegrins that if they advanced on Dulcigno he would attack Antivari.

Chicago, Sept. 30.—The Times says Col. Pussen, who has just returned from a stumping tour in Indiana says that the Democrats will carry the State from ten to twenty thousand majority with the chances in favor of the latter figure.

Jacksonville, Fla., Sept. 30.—A negro employed on the St. John & Lake Entrance Railroad killed his white boss; he was carried to Fort Mason but at night a band of men overpowered the guard and took the negro out and lynched him.

St. Louis, Sept. 30.—Col. Hunt the Indian agent at Wichita agency Indian Territory emphatically denies the report recently telegraphed from Texas that the Cheyenne Indians made an attack on the commissary supplies there and committed other outrages. He says the whole story is absolutely false.

San Francisco, Cal., Sept. 30.—The dispatches from Tucson says that two miners report that Carr had a fight with a small party of Victorio's band, eight in number, in Hatchet mountains, killing them all.

London, Sept. 30.—A dispatch from Chalk says the Greek recruits are pouring in by the thousand. The army will soon number 40,000 men.

Paris, France, September 30.—Count De Chambord completed yesterday his 60th year. The occasion was celebrated by about a dozen banquets in various parts of Paris, and by commemorative mass at the St. Germain church. It was celebrated by thousands of persons; mass was also celebrated at Maseillo Bordeaux and other towns.

New York, September 30.—The Spirit of the Times says: St. Julien will try against his own time, 2:11 1-4 at Prospect Park, October eleventh.

Paris, Sept. 30.—Rumors relative to the proposals of naval demonstrations in the Bosphorus are regarded in well informed quarters as unfounded.

Albany, N. Y., Sept. 30.—The Republicans of the 30th district renominated John Van Voorhees for congress.

Poughkeepsie N. Y., Sept. 30.—The Republicans of the 13th district renominated John H. Ketcham for congress.

Cherryville, N. Y., Sept. 30.—A fire to-day destroyed several houses, causing a loss of about forty thousand dollars.

Amsterdam, N. Y., Sept. 30.—The Democrats of the 20th district nominated Judge Hilton for congress.

Constantinople, Sept. 30.—Robbers assassinated the wife of a Russian consul at Nani.

New York, Sept. 30.—The steamer France brought \$907,000 in gold in with her.

London, Sept. 30.—The Rev. Dr. Jno. Waddington, an eminent divine is dead.

London, September 30.—A meeting of the cabinet council held to-day.

Albany, N. Y., Sept. 30.—Albany, 5; Chicago, 4.

Chicago, Sept. 30.—Chicago, 10; Buffalo, 8.
